RE: **PETITION NO. 1289** - Eversource Energy petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed modifications to the existing Green Hill Substation located at 775 Green Hill Road, Madison, Connecticut.

Dear Ms. Taylor:

The Connecticut Siting Council (Council) is in receipt of your email correspondence dated February 23, 2018, regarding temporary changes to work hours for the above-referenced project that was approved by the Council on March 30, 2017.

Pursuant to Condition No. 1 of the Council's Decision of March 30, 2017, your request to perform work from 8 AM to 6 PM on Sundays from February 25 through March 18, 2018 at the Green Hill Substation is hereby approved. The work is necessary to complete testing of substation equipment during scheduled outages. The majority of testing will consist of quiet work within the substation control house using a minimal work crew.

This approval applies only to the request for changes to work hours dated February 23, 2018. Any significant changes to the project require advance Council notification and approval.

Thank you for your attention and cooperation.

Very truly yours,

Melanie A. Bachman
Executive Director

c: Council Members
The Honorable Thomas Banisch, First Selectman, Town of Madison
David Anderson, Town Planner, Town of Madison

Subject: PET 1289 Green Hill Substation Sunday Work Hours (2/25-3/18)

Dear Melanie Bachman:

Eversource is requesting Council staff approval of work hours (8 a.m. to 6 p.m.) on Sundays from February 25 through March 18 at Green Hill Substation. The reason for the request is the need to complete work during the scheduled outages. The majority work would be quiet electrical testing inside the control house and testing new equipment with minimal crew on site.

Municipal officials and abutters have been notified about this work in advance of work activities.

If you have any questions or concerns about this work, please contact me.
