Notice of Completion

Dear Chairman Stein:

On June 27, 2018, Eversource Energy (“Eversource”) received an acknowledgement from the Connecticut Siting Council (“Council”) of Eversource’s notice to replace 18 transmission structures at various locations along the Eversource transmission right-of-way in the Towns of Manchester, Glastonbury and Portland, subject to conditions. On May 4, 2018 Eversource was granted an extension from the Council to complete remediation activities associated with the structure replacement project by December 31, 2018. Among other conditions of the acknowledgement, the Council required that Eversource submit the following item:

- Not less than 45 days after completion of the transmission line maintenance activity, the Council shall be notified in writing that construction has been completed.

Construction was completed on November 2, 2018.

Enclosed are this original and two (2) copies of this Notice of Completion.

Sincerely,

Kathleen M. Shanley
