**Subject:** PET 1230: Stony Hill - 24 hour Work Request Amendment (6/26 - 6/29)

Dear Ms. Bachman:

Eversource Energy is requesting approval from Connecticut Siting Council staff to change yesterday's 7 PM to 9 PM request (approved June 26, 2018) to a request to work 24 hours continuously from June 26 through June 29. The 24-hour work request is due to the impending heat wave and the anticipated increase in line loading, which would negatively influence the testing of the new synchronous condenser during the scheduled outage. The work will be quiet work performed within the synchronous condenser enclosure.

The Town of Brookfield and the abutters have be notified of the proposed work schedule.

Please contact me with any questions or concerns.
