Re: Petition No. 1308 – 173 Mechanic Street, Killingly, CT
Notice of Completion

Dear Chairman Stein:

On July 21, 2017, Eversource Energy (“Eversource”) received a declaratory ruling from the Connecticut Siting Council (“Council”) that a Certificate of Environmental Compatibility and Public Need would not be required for the work proposed in Petition No. 1308, subject to conditions. Among other conditions of the ruling, the Council required that Eversource submit the following item:

- The Council shall be notified in writing within 45 days of when the existing radio communications pole is removed and the new roof-mounted steel monopole is operational. The existing radio communications pole was removed and the new roof-mounted steel monopole was operational on March 23, 2018.

Enclosed are this original and two (2) copies of this Notice of Completion.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kathleen M. Shanley". The signature is fluid and cursive, with a large loop at the end.

Kathleen M. Shanley
