Re: Petition 1310 – Quinebaug Solar, LLC petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, maintenance and operation of a 50 megawatt AC solar photovoltaic electric generating facility on approximately 561 acres comprised of 29 separate and abutting privately-owned parcels located generally north of Wauregan Road in Canterbury and south of Rukstela Road and Allen Hill Road in Brooklyn, Connecticut.

Dear Ms. Bachman:

I am writing on behalf of Quinebaug Solar, LLC (“Quinebaug”) relative to the submission yesterday regarding the Connecticut Siting Council’s (the “Council’s”) November 13, 2017 draft Findings of Fact in connection with the above-referenced petition.

Subsequent to the filing, Quinebaug observed that a portion of the text associated with Finding of Fact Number 198 was inadvertently deleted. The Petitioners suggested revisions to Finding of Fact Number 198 should have read as follows:

198. Vernal pool surveys that were conducted in 2016 focused on identifying the locations of vernal pools on the properties ~~and rather than~~ determining the presence of ~~biota~~ key indicator species in the vernal pools. (Tr. 3, p. 58)

I apologize for any confusion as a result of the original submission. Please feel free to contact me if you have any questions regarding this correspondence.

Sincerely,

A handwritten signature in black ink, appearing to read "David W. Bogan", written over a horizontal line.

David W. Bogan
