

Candlewood Mountain Core Forest Habitat

Map Data Sources:
Approximate Location of Proposed Solar Array is from the map titled "Proposed Conservation Restriction" by Amec Foster Wheeler, dated October 20, 2017.
Parcel boundaries, waterbodies, rivers and streams were derived from Connecticut Department of Energy and Environmental Protection data.
Core Forest Habitat data is from the Forest Fragmentation Model developed by UCONN CLEAR. The CLEAR Publication titled "Forest Fragmentation in CT: 1985 - 2006" explains the methodology used for this model in detail. This paper can be found here: <http://clear.uconn.edu/projects/landscape/forestfrag/>
