Re: Petition of DWW Solar II, LLC for a Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is Required for a 26.4 Megawatt AC Solar Photovoltaic Electric Generating Facility In Simsbury, Connecticut

Dear Ms. Bachman:

I am writing on behalf of my client, DWW Solar II, LLC, ("DWW") in connection with the above-referenced Petition. As you know, the next hearing for this Petition is scheduled to take place on October 10, 2017. In addition to the witnesses that were cross examined at the September 12, 2017 hearing, DWW requests that Adam T. Henry of GZA be added to the witness list for the October 10, 2017 hearing. Mr. Henry does not have any pre-filed testimony, however, Mr. Henry assisted GZA in the preparation of several of DWW's responses to the Second Set of Interrogatories the Siting Council propounded upon DWW. Therefore, DWW wishes to make Mr. Henry available for cross examination at the October 10, 2017 hearing.

In addition, I am enclosing an original and 16 copies of DWW's Responses to the Connecticut Siting Council's Second Set of Interrogatories. Please date stamp one of the copies provided and return it to me in the enclosed envelope. Should you have any questions concerning this submittal, please contact me at your convenience. I certify that copies of this submittal have been made to all parties on the Petition's service list.

Sincerely,

Lee D. Hoffman
