**Re: Petition of DWW Solar II, LLC for a Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is Required for a 26.4 Megawatt AC Solar Photovoltaic Electric Generating Facility In Simsbury, Connecticut**

Dear Ms. Bachman:

I am writing on behalf of my client, DWW Solar II, LLC, ("DWW") in connection with the above-referenced Petition. As you are aware, in Interrogatory 67, the Siting Council requested that DWW provide it with an assessment of the effects of moving certain panels south of 85 Hoskins Road. DWW did so, and provided an Oct. 3, 2017 drawing attached as Exhibit A to Interrogatory 67, and labeled "Project Layout Map."

As a result of the changes made and identified on the Oct. 3, 2017 Project Layout Map, one of the visual simulations was affected by these changes. Should the Siting Council approve the changes depicted on the Oct. 3, 2017 Project Layout Map, the visual simulation at viewpoint 44, Figure 6 – Sheet 12 of 14, which is contained in Exhibit G of the Petition will no longer be accurate. An accurate depiction of viewpoint 44, assuming the changes in the Oct. 3, 2017 Project Layout Map are implemented, is included with this letter. Hard copies of this revision to viewpoint 44 will also be available for the Council and parties at the October 10, 2017 hearing.

Should you have any questions concerning this submittal, please contact me at your convenience.  
I certify that copies of this submittal have been made to all parties on the Petition's service list.

Sincerely,

A handwritten signature in black ink that reads "Lee D. Hoffman". The signature is written in a cursive style with a large, stylized "L" and "H".

Lee D. Hoffman
