Subject: Simsbury Solar Project

Dear Attorney Bachman:

I am writing to request that you allow our panel's appearance for cross-examination at the outset of the next evidentiary hearing session following the October 10 session. This will allow us to avoid the expense of having our expert, Mr. George Logan, having to sit at the October proceeding waiting to be called to testify.

Best,  
A. Kosloff

Subject: RE: Simsbury Solar Project

Good morning, Attorney Kosloff.

Thank you for your e-mail.

Subject to any objection from the petitioner or other parties in this proceeding, your entire witness panel, including, but not limited to, Mr. Logan, may be taken out of the order from the list on the hearing program and appear for cross examination by the Council, petitioner and other parties at the commencement of the next continued evidentiary session for this matter that is scheduled for Thursday, November 2, 2017 at 11 AM in Hearing Room One at our office in New Britain. Thereafter, on November 2nd, we shall proceed with the appearances of the other parties for cross examination in the order in which they are listed on the hearing program (the Town requested and was granted the opportunity to be last to cross examine and to appear) and if necessary, return to cross examination of the petitioner after all of the other parties have appeared and been cross examined.

Thanks again. Have a great day.

Melanie

Hi again, Melanie.

I just checked my schedule and I am supposed to be flying out of Bradley on November 2 for my son's wedding in California. I return the morning of November 6. Is there anything you can do for me??

Alan, unfortunately, there is nothing I can do. We are swamped with pending matters and are booked for hearings out to the end of January 2018, so there is no possibility of changing this date. If it would work better for you and your panel, perhaps you could request to have your panel appear for cross examination at 2 PM on October 10th, which would be after the lunch break so Mr. Logan would have a time certain to arrive. Otherwise, you would either have to change your travel arrangements or have another attorney cover for you. Sorry for the inconvenience.

**Subject:** RE: Simsbury Solar Project

Good morning.

As you are all aware, there is no possibility of the Siting Council taking up the Motion to Compel Interrogatory Responses from the party, Flammini, et al, submitted by the petitioner before the continued evidentiary hearing session scheduled for Tuesday, October 10<sup>th</sup>. We will certainly take that motion up, as well as the request for party status from Ms. Kilbourn-Jones, at the commencement of the evidentiary session.

Regardless of the disposition on the motion to compel, due to the unavailability of Attorney Kosloff on November 2, 2017, his entire panel, including, but not limited to, Mr. Logan, shall appear for cross examination by the Council and the other parties in the proceeding after lunch on October 10<sup>th</sup>, which would be at approximately 2 PM (we usually reconvene at 1:45 PM). As I indicated in my earlier response to Attorney Langer, we will draft a revised memo before the end of the day detailing how the continued evidentiary session on Tuesday shall proceed to ensure the entire service list and the Council have ample notice of the early

appearances of the entire Flammini, et al panel and the early appearance of Mr. Frost from the Town's panel, and to ensure the entire service list and the Council have an adequate amount of time to prepare for the cross examinations.

Thank you.

Melanie A. Bachman, Esq.

Ms. Bachman,

With all due respect, DWW objects to this accommodation. By proceeding in this fashion, the Siting Council has effectively rejected DWW's Motion to Compel before it has had a chance to adjudicate that Motion. At a minimum, DWW wishes to reserve its rights to recall any of Mr. Kosloff's panel in the event that the Council grants DWW's Motion to Compel.

In addition, DWW is filing the attached Reply related to the Motion to Compel. Hard copies will be sent to the Siting Council shortly.

Regards,  
Lee

**Subject:** RE: Simsbury Solar Project

Mr. Hoffman,

I fully recognize DWW's objection to the accommodation as it relates to Mr. Logan and the failure to respond to interrogatories and I disagree with your characterization that the Siting Council has already effectively rejected DWW's motion to compel.

As clearly stated below, the Council will take up the motion to compel at the commencement of the evidentiary hearing. If the motion to compel is granted, DWW, as well as all of the other parties in the proceeding and the Council, shall have rights to recall any of Attorney Kosloff's witnesses for further cross examination. If those witnesses are unavailable to be further cross examined, we will certainly adjudicate at the time they are to appear, which will be at the next evidentiary session scheduled for 11/2, whether or not to admit into the record or strike the testimony and/or responses to interrogatories.

Thank you.
