Kenneth C. Baldwin, Esq. Robinson & Cole LLP 280 Trumbull Street Hartford, CT 06103-3597

RE: **PETITION NO. 1315** - Cellco Partnership d/b/a Verizon Wireless petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for proposed modifications to an existing community antenna television (CATV) tower located at 7 Colburn Road,

Canterbury, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than August 8, 2017. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 15 copies to this office, as well as a copy via electronic mail. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

Any request for an extension of time to submit responses to interrogatories shall be submitted to the Council in writing pursuant to §16-50j-22a of the Regulations of Connecticut State Agencies.

Yours very truly,

Melanie A. Bachman Executive Director

MB/RM

Petition No. 1315
Cellco Partnership d/b/a Verizon Wireless
Telecommunications Facility
7 Colburn Road, Canterbury

Interrogatories July 26, 2017

- 1. Who owns the existing tower facility? Was the tower owner notified of the project?
- 2. What types of vegetation would be removed to accommodate the new access road? If trees need to be removed, provide a tree count.
- 3. Are drainage controls necessary for the new access road? If so, provide detail.
- 4. How is the tower facility currently accessed? Can this existing route be maintained for future access?
- 5. Would the proposed installation affect any species listed on the DEEP Natural Diversity Database?
- 6. Revise the radio-frequency report to include the relocated dish antenna and existing whip antenna.
- 7. The tower site plan lists "future" dish and whip antennas. What entities will be installing this equipment and when? Is Cellco requesting approval of this future equipment as part of this petition?
- 8. Provide a tower structural analysis for the proposed installation. (Note on Sheet A-1)
