Michael,

Per BL Companies, this appears to be a typo and is in fact per 2002 DEEP Guidelines. NOT 2004

From BL Companies

John,

The correct reference is "2002 Connecticut Guidelines for Soil Erosion and Sediment Control", not 2004.

Subject: Petition No. 1342 - Development and Management Plan

Mr. Beauton:

Council staff has a question regarding the Development and Management Plan (D&M Plan) dated June 19, 2019. See below.

1. Referencing Sheet EC-7 – Sediment and Erosion Control Notes, second column, Note 5, it states, “The Contractor shall construct all sediment and erosion controls in accordance with the CTDEEP 2004 Guidelines for Soil Erosion and Sediment Control latest edition in accordance with the contract documents, and as directed by the Town of North Haven.” Are the 2002 DEEP Guidelines for Soil and Erosion and Sediment Control the most up to date at this time? Explain.

If you could please reply by email to siting.council@ct.gov by close of business on July 10, 2019, it would be appreciated.

Thanks.
