RE: **PETITION NO. 1346** - The Connecticut Light and Power Company d/b/a Eversource Energy declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the replacement and relocation of an existing telecommunications facility and an existing relay and control enclosure located at Manchester Substation, 250 Olcott Street, Manchester, Connecticut, and related substation improvements.

Dear Ms. Bellion:

The Connecticut Siting Council (Council) is in receipt of your email correspondence of July 3, 2019 regarding temporary changes to work hours for the above-referenced declaratory ruling issued by the Council on July 20, 2018.

Pursuant to Condition No. 1 of the Council's Decision of July 20, 2018, your request to perform work from 7:00 p.m. to 10:00 p.m. on Monday, July 8, 2019 and Tuesday, July 9, 2019 is hereby approved. The extended hours are necessary to complete an extended concrete pour for the control enclosure. If the concrete pour cannot be performed on July 8, 2019 due to weather, it will be performed on July 9, 2019. Construction equipment will include, but not be limited to, light stands, vibration tools and concrete finishing fans. The noise level is not expected to exceed that of a lawnmower.

This approval applies only to the request for extended work hours in your email of July 3, 2019. Any significant changes to the project require advance Council notification and approval.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman
Executive Director

MB/MP

Dear Ms. Bachman:

We are requesting staff review and approval for extended work hours for the above referenced project on Monday, July 8, 2019 and Tuesday, July 9, 2019 from 7PM to 10PM. These extended hours are needed to complete an extended concrete pour for the control enclosure. Two days are requested so that if we cannot do the concrete pour on Monday, due to weather, we can instead reschedule it on Tuesday. The equipment that will be used during the extended hours are light stands, vibration tools and concrete finishing fans. The noise level should not exceed that of a lawnmower.

We have notified the Town of Manchester of our intention to submit this request to the Council and they do not object to these extended work hours.

Please do not hesitate to contact me should you have any questions regarding this request.
