Hartford, CT 06141-0270

RE: **PETITION NO. 1346** - The Connecticut Light and Power Company d/b/a Eversource Energy declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed replacement and relocation of an existing telecommunications facility and an existing relay and control enclosure located at Manchester Substation, 250 Olcott Street, Manchester, Connecticut, and related substation improvements.

Dear Ms. Bellion:

The Connecticut Siting Council (Council) is in receipt of your email correspondence of November 21, 2019 regarding temporary changes to work hours for the above-referenced declaratory ruling that was issued by the Council on July 20, 2018.

Pursuant to Condition No. 1 of the Council's Decision of July 20, 2018, your request to perform work from 7:00 a.m. to 7:00 p.m. on the following Sundays: November 24, 2019, December 8, 2019 and December 15, 2019 is hereby approved. The Sunday work hours are required to recover lost time due to delays within the schedule resulting from an incorrect bill of materials and the associated design changes to the relay and control panels to ensure work can be completed within the scheduled outage.

This approval applies only to the request for Sunday work hours in your email of November 21, 2019. Any significant changes to the project require advance Council notification and approval.

Thank you for your attention and cooperation.

Sincerely,

A handwritten signature in blue ink, appearing to read "Melanie A. Bachman".

Melanie A. Bachman
Executive Director

MB/MP

c: Council Members
Kathleen Shanley, Eversource Energy
The Honorable Jay Moran, Mayor, Town of Manchester
Scott A. Shanley, General Manager, Town of Manchester
James Davis, Zoning Enforcement Officer, Town of Manchester

Subject: Petition 1346: Manchester Substation: Extended Hours Request: Sunday's 11/24/19; 12/8/19 and 12/15/19

Dear Ms. Bachman:

We are requesting staff review and approval for extended work hours of 7AM-7PM for the above referenced project on the following Sunday's: 11/24/19, 12/8/19 and 12/15/19. These extended hours are needed to recover lost time due to delays with the schedule resulting from the bill of material for the project being incorrect, and necessitating last minute design changes to the relay and control panels, so that the Project work can be completed within the scheduled outage.

We have notified the Town of Manchester of our intention to submit this request to the Council and they do not object to these extended work hours.

Please do not hesitate to contact me should you have any questions regarding this request.
