RE: **PETITION NO. 1347** – GRE GACRUX LLC petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for the proposed construction, maintenance and operation of a 16.78-megawatt AC solar photovoltaic electric generating facility located at 117 Oil Mill Road and associated electrical interconnection to Eversource Energy's existing substation at 325 Waterford Parkway North in Waterford, Connecticut.

On January 23, 2020, pursuant to the provisions of Connecticut General Statutes §4-181a(b), GRE GACRUX LLC (GRE) filed a Motion to Reopen and Modify the Connecticut Siting Council's (Council) October 26, 2018 decision to deny without prejudice a declaratory ruling to GRE and the Council's December 11, 2018 decision to deny GRE's November 7, 2018 Petition for Reconsideration related to the above-referenced proposed solar photovoltaic electric generating facility in the Town of Waterford.

The Motion to Reopen and Modify the Council's October 26, 2018 and December 11, 2018 decisions on the above-referenced matter will be placed on the Council meeting agenda scheduled for February 27, 2020 for Council consideration.

Parties and intervenors are requested to submit comments or statements of position in writing to the Council with respect to whether the Motion to Reopen should be granted or denied and **whether a public hearing should be held on this request** before the close of business on February 14, 2020.
