Outreach – Projects

November 28, 2018

The Honorable Joseph P. Ganim
999 Broad St.
Bridgeport, CT 06604

Dear Mayor Ganim:

The United Illuminating Company (“UI”) filed a Petition for Declaratory Ruling (“Petition”) with the Connecticut Siting Council (“Council”) on October 19, 2018 for a determination that no Certificate of Environmental Compatibility and Public Need is required for the proposed modifications to UI’s Seaview Tap Substation. The Project forms a grounding initiative that consists of burying 4/0 copper grounding conductor and ground rods outside the Seaview fence line, and replacing 139 linear feet of fence which abuts the fence enclosing Seaview, 60 linear feet of such will consist of isolation fence sections. This Project is necessary to protect UI’s substation equipment, the electrical system, and most importantly, the public by eliminating the risk of hazardous step and touch potentials in the vicinity of Seaview that exist during certain electrical ground fault conditions at Seaview.

A copy of the petition will be sent via FedEx overnight for your information. Should you wish to comment or express concerns about the Project, please do so by sending the comments/concerns to:

Attorney Melanie Bachman
Acting Executive Director/Staff Attorney
Connecticut Siting Council
Ten Franklin Square
New Britain, CT 06051
Email: siting.council@ct.gov

Please do not hesitate to also contact Samantha Marone at 203-499-3824 if you have any questions regarding the Petition or the proposed work.

Sincerely,

Amy S. Hicks
Outreach Specialist

Enclosures

November 28, 2018

To: Federal, State and Local Government Agencies and Officials Referred to in §16-50/(b) of the Connecticut General Statutes

Re: Petition of The United Illuminating Company to the Connecticut Siting Council for a Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is required for modifications to the Seaview Tap Substation in Bridgeport, Connecticut

You will receive an overnight FedEx of a Petition submitted by The United Illuminating Company ("UI") to the Connecticut Siting Council ("Council") for a Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is required for the grounding modifications to the Seaview Tap Substation in Bridgeport, Connecticut ("Project"). The Project forms a grounding initiative that consists of burying 4/0 copper grounding conductor and ground rods outside the Seaview fence line, and replacing 139 linear feet of fence which abuts the fence enclosing Seaview, 60 linear feet of such will consist of isolation fence sections. This Project is necessary to protect UI's substation equipment, the electrical system, and most importantly, the public by eliminating the risk of hazardous step and touch potentials in the vicinity of Seaview that exist during certain electrical ground fault conditions at Seaview.

UI filed this Petition on October 19, 2018.

Section 16-50n(a) of the Connecticut General Statutes provides that each person entitled to receive a copy of an Petition under § 16-50/ may become a party to the proceeding by giving the Council a notice of intent to be a party. The Council's address is: Connecticut Siting Council, 10 Franklin Square, New Britain, CT 06051.

Respectfully submitted,
THE UNITED ILLUMINATING COMPANY
