April 26, 2019

**RE: Petition For a Declaratory Ruling That No Certificate of Environmental Compatibility And Public Need is Required ("Petition") for the Installation of One (1) on-site, 440 kW Fuel Cell at City of Bristol, CT Waste Water Treatment Facility at 75 Battisto Road, Bristol, CT.**

Dear Recipient,

Pursuant to Section 16-50j-40 of the Connecticut Siting Council's (the "Council") Rules of Practice, we are notifying you that Doosan Fuel Cell America, Inc. intends to file a petition for declaratory ruling with the Connecticut Siting Council ("Council") on or about April 26, 2019. The petition will request the Council's approval of the installation of one (1) 440kW fuel cell and ancillary equipment in support of a customer-side, distributed generation project at 75 Battisto Road, Bristol, CT 06010. The fuel cell will be powered by natural gas and generated electricity will be consumed on-site.

The proposed placement of the fuel cell is located within the plant area to the East of the Generator Building. The proposed new construction will be approximately 29 feet long, 8 feet wide and 10 feet high.

If you have any questions regarding the proposed work, please contact any of the following:
