Re: **PETITION NO. 1370** – The United Illuminating Company (UI) petition for a declaratory ruling, pursuant to Connecticut General Statutes §4-176 and §16-50k, for replacement of its existing No. 1720 Line Relay in order to comply with the Northeast Power Coordinating Council's Implementation Plan on the ISO New England, Inc. Bulk Power System between Connecticut Light and Power Company d/b/a Eversource Energy's Norwalk Substation in Norwalk, Connecticut and UI's Hawthorne Substation located at 180 Hawthorne Drive, Fairfield, Connecticut and related substation improvements. - **Notice of Completion of Construction**

Dear Attorney Bachman:

The United Illuminating Company ("UI") received acknowledgement from the Connecticut Siting Council ("Council") on June 7, 2019 that the UI proposed modifications to its existing Hawthorne Substation located at 180 Hawthorne Drive in Fairfield, and pursuant to Connecticut General Statutes Section 16-50k, would not require a Certificate of Environmental Compatibility and Public Need. UI submits this letter to provide notice that construction for this project was completed on November 30, 2019 in accordance with the Council's conditions. Enclosed are this original and two (2) copies of this Notice of Completion.

Please do not hesitate to contact me at (203) 499-2586 with any questions.

Sincerely,

Amy Hicks
Outreach Specialist
The United Illuminating Company
