Petition No. 1381
Bloom Energy Corporation
2150 Corbin Avenue
New Britain, CT
Interrogatories – Set I

1. Was the project selected for the Low-emission or Zero-emission renewable energy credit (LREC/ZREC) Program?
 2. Petition Exhibit 2 - Drawing Nos. G1.1 and C1.1 reference “approximate property line per Orange county assessors map” –should this read “City of New Britain”? Drawing No. G1.1, right hand side, depicts “Corbin Avenue.” Should this be Governor Street? Drawing No. C1.1 appears to have unidentified structures as unfilled and filled circles along the north, west and south sides of the proposed fuel cell. Are these structures bollards? Please provide updated Drawing Nos. C1.1 and G1.1 accordingly and identify such structures.
 3. Does Bloom intend to provide the Fire Prevention and Emergency Planning document (Petition Exhibit 4) to local emergency responders and provide on-site training, if requested?
 4. Provide an estimate of the total cost of the proposed project. Break down the total cost into categories the Petitioner deems appropriate.
