RE: **PETITION NO. 1103** - New Cingular Wireless PCS, LLC declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed installation of a telecommunications facility at an existing Connecticut Light and Power Company transmission structure located at 227 Whitewood Road, Waterbury, Connecticut.

Dear Attorney Laub:

The Connecticut Siting Council (Council) is in receipt of your correspondence dated August 24, 2018 regarding the proposed minor project changes to the above-referenced declaratory ruling that was approved by the Council on June 12, 2014.

The proposed minor project changes include:

- 1) a change to the number of antennas from 12 to 9;
- 2) a change to the number of tower mounted amplifiers from 12 to 18;
- 3) a change in the backup power generator output from 50 kilowatt (kW) to 30 kW;
- 4) a change from an 11.5-foot by 16-foot equipment shelter to an 11.5-foot by 12-foot equipment shelter; and
- 5) a change from a single horizontal antenna support mount to a double horizontal antenna support mount.

Council staff hereby approves the proposed minor project changes. The Council also acknowledges Eversource Energy's approval of this modified design, as well as the structural report and drawings prepared by Centek Engineering.

This approval applies only to the minor project changes dated August 24, 2018. Any significant changes to the project require advance Council notification and approval.

Thank you for your attention and cooperation.

Sincerely,

Melanie A. Bachman
Executive Director
