**Re: PETITION NO. 1104 – The United Illuminating Company petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, maintenance and operation of a 2.2 MW AC solar photovoltaic facility and a 2.8 MW AC Fuel Cell facility on approximately 22 acres of the former Seaside Landfill located at 350 Waldemere Avenue, Bridgeport, Connecticut.**

Dear Ms. Bachman:

The City of Bridgeport, through its undersigned counsel, is submitting this letter to the Siting Council in lieu of a brief for the above-referenced petition. The City of Bridgeport believes that the Brief submitted by The United Illuminating Company fully addresses the issues that were raised in this Petition and has nothing of substance to add to United Illuminating's submission. As such, the City of Bridgeport adopts the conclusions in the United Illuminating Brief.

I have enclosed sixteen (16) copies of this letter for the Council's review. Please retain fifteen copies of the letter and have the remaining copy date stamped and returned to me in the enclosed envelope.

Should you have any questions concerning this submittal, please contact me at your convenience. Thank you in advance for your assistance.

Respectfully submitted,  
THE CITY OF BRIDGEPORT

Lee D. Hoffman  
Its Attorney
