Dear First Selectman Dunsby:

Enclosed please find a copy of the petition sent to the Connecticut Siting Council requesting a determination that no Certificate of Environmental Compatibility and Public Need is necessary for The United Illuminating Company's proposed Hawthorne Substation Upgrade Project. As the chief elected official of the Town of Easton, UI is providing you with a copy of the petition because of the close proximity of Easton's municipal boundary to the Hawthorne substation. No work will be taking place in Easton.

With this letter, UI is providing you notice of its proposed work activity, as described in the enclosed petition. If you have any comments or concerns regarding the Upgrade Project, please provide them to the Council within 30 days at the following address:

Ms. Melanie A. Bachman
Acting Executive Director/Staff Attorney
