**PETITION 1120**  
**UNITED ILLUMINATING CO – HAWTHORNE SUBSTATION**  
**PETITION INTERROGATORIES**  
**DIRECTED AT THE UNITED ILLUMINATING CO.**

1. Under what circumstances, if any can the capacitors to be installed at the Hawthorne Substation fail catastrophically and/or explode? If there are circumstances which would cause them to do so please state the effect that said failure/explosion would have on the surrounding property.

**RESPONSE:**

2. Does United Illuminating intend to perform testing regarding any emission of Electromagnetic Radiation from the power lines and/or Hawthorne Substation? If said testing has been or will be performed please furnish the undersigned with copies of results of said tests.

**RESPONSE:**

3. Has United Illuminating performed or does it intend to perform environmental testing on the land which was purchased from General Electric? If so, please provide reports containing results of said testing.

**RESPONSE:**

4. Please provide the undersigned with a lighting plan for the Hawthorne Substation setting forth, at a minimum, the location of the lights, the type of lights and the height at which said lights are going to be installed.

**RESPONSE:**

5. Please provide a list of any and all consultants, engineers, and/or planners which have been or will be engaged by United Illuminating to provide services regarding the Hawthorne Substation, together with copies of any reports rendered by said consultants.

**RESPONSE:**
