Dear Mr. McDermott, Ms. Mathews, et al:

I am in receipt of Mr. McDermott's filing seeking rejection of my request for intervener status. First I like to say that I am representing one of the co-owners being my daughter Stacy Tournas. Sorry for the mis-understanding of myself being a co-owner. It was my understanding that when the property transfer was made, I had life use of the property giving me co-ownership. I will need to speak to my Attorney and get that researched and corrected. However, does one have to be the owner of an abutting property to be an intervenor or party upon Siting Council petitions?

I hope that my requests will receive a proper hearing.

Thank you.
