Re: Petition No. 1120 – The United Illuminating Company Petition for a Declaratory Ruling that no Certificate of Environmental Compatibility and Public Need is Required for the Proposed Modifications to the Hawthorne Substation at 180 Hawthorne Drive, Fairfield, Connecticut

Dear Chairman Stein:

I enclose an original and 15 copies of a presentation made by The United Illuminating Company (“UI”) during a February 4, 2015 meeting with Town of Fairfield officials and residents who live near the Hawthorne Substation concerning UI’s proposed modifications to the substation. Also, enclosed are the “Hawthorne Capacitor Bank Project: FAQ’s” that was available at the meeting and copies of the presentation boards. The meeting followed a field visit to the substation.

Please do not hesitate to contact me at (203) 499-2422 if you have any questions regarding this filing.

Very truly yours,
