Melanie A. Bachman, Esq.
Executive Director/Staff Attorney
Connecticut Siting Council
10 Franklin Square
New Britain, CT 06051

Re: **PE1133-VER-20151104 – 237 Sandy Hollow Road, Groton, Connecticut**

Dear Ms. Bachman:

The purpose of this letter is to notify the Siting Council that construction activity associated with the above-referenced Cellco Partnership d/b/a Verizon Wireless telecommunications facility modifications has been completed.

As a condition of the approval, Cellco was required to provide the Council with a letter stating that it had complied with the recommendations made in the structural report included as part of the Sub-Petition filing. Attached is a Professional Engineer's evaluation letter verifying that the installation was completed according to that structural report.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

RE: Notice of Completion Certification

Project: Mystic West CT
237 Sandy Hollow Road
Mystic, CT 06355

Engineer: Derek J. Creaser, P.E.
Hudson Design Group LLC
1600 Osgood St. Building 20 North, Suite 3090
North Andover, MA 01845

CSC Exempt Mod Reference No.: PE1133-VER-20151104

Dear Mr. Parks,

HDG is providing this "Notice of Completion Certification" with regard to the wireless telecommunications facility installation at the above referenced project.

The following are the basis for submitting compliance with the Construction Drawings prepared by Centek Engineering, Inc.:

- Review of the FDH Velocitel Structural Analysis dated June 17, 2015
- Field Observations by Hudson Design Group personnel on November 17, 2016 of the completed installation which was installed in general compliance with the aforementioned Structural Analysis.

The structural analysis prepared by FDH Velocitel demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the document(s) referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Respectfully Submitted,
Hudson Design Group LLC

A handwritten signature in blue ink is written over a circular professional engineer seal. The seal is for the State of Connecticut, for Derek J. Creaser, License No. 23331, and is for a Licensed Professional Engineer.

Derek J. Creaser, P.E.
