Re: **PE1133-VER-201880305a – Cellco Partnership d/b/a Verizon Wireless (“Cellco”)
169 Cross Street, Middletown, Connecticut**

Dear Ms. Bachman:

On April 2, 2018, the Siting Council approved the above-referenced Eligible Facilities Request for Cellco’s proposed modifications to the existing telecommunications facility at 169 Cross Street in Middletown, Connecticut. As a condition of its approval, Cellco was required to provide the Council with a letter stating that it had complied with the recommendations made in the June 30, 2017 Structural Analysis Report, which was attached to the PE1133-VER-201880305a filing. Attached is an Engineering Letter of Compliance verifying that this condition was satisfied.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

RE: Tower Modification Certification

Project: Wesleyan University CT
169 Cross Street, Middletown, Connecticut 06457

Tower Owner: City of Middletown – Fire Dept. HQ

Engineer: All-Points Technology Corporation, P.C.

APT Project No.: CT141NB9293 Wesleyan

CSC Exempt Mod Reference No.: PE1133-VER-20180305a

Dear Mr. Humphreys,

All-Points Technology Corporation, P.C. (APT) is providing this ‘Tower Modification Certification’ with regard to the structural components at the above referenced project.

The following are the basis for substantiating compliance with the tower modification documents prepared by All-Points Technology Corporation, P.C. (APT):

- Review of APT’s structural analysis and tower reinforcement drawings (APT project #CT141NB9292 dated 8/17/17);
- Field Observations by APT personnel on 12/14/18 of the completed modifications which determined all modifications were installed in general compliance with the recommendations of the aforementioned structural analysis.

The structural analysis prepared by APT demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer’s best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution

Sincerely,
All-Points Technology Corporation, P.C.

Robert E. Adair, P.E.
Principal

ALL-POINTS TECHNOLOGY CORPORATION, P.C.
