Re: **PE1133-VER-20150319 – Cellco Partnership d/b/a Verizon Wireless
1 Westerberg Drive, Farmington, Connecticut**

Dear Ms. Bachman:

On April 30, 2015, the Siting Council acknowledged receipt of Cellco's notice of intent to install antennas and associated equipment at the telecommunications facility at 1 Westerberg Drive in Farmington, Connecticut.

As a condition of the approval, Cellco was required to provide the Council with a letter stating that the recommendations made in the structural report were complied with. Attached is a Professional Engineer's Tower Modification Certification letter verifying that the installation was completed according to the structural report.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Re: Tower Modification Certification

Project: Verizon Farmington2
1 Westerberg Drive, Farmington, CT

Tower Owner: SBA Network Services, Inc.
5900 Broken Soound Pkwy NW, Boca Raton, FL

Engineer: FDH Engineering, Inc.
6521 Meriden Drive, Raleigh, NC

Centek Project No.: 15003.073

CSC Exempt Mod Reference No.: PE1133-VER-20150319

Dear Mr. Parks,

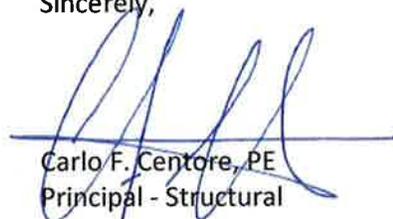

We are providing this "Tower Modification Certification" with regard to the structural components at the above referenced project.

The following are the basis for substantiating compliance with the tower modification documents prepared by FDH Engineering, Inc. (FDH Project Number: 146EDX1400(R1)):

- Review of FDH Engineering, Inc. Structural Analysis dated 11/07/2014.
- Field observations by Centek Engineering personnel on 9/11/15 of the completed upgrade which determined all modifications were installed in general compliance with the recommendations of the structural analysis report prepared by FDH on 11/07/2014.

The modification design prepared by FDH demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Sincerely,

Carlo F. Centore, PE
Principal - Structural
