RE: **PE1133-VER-20151222** – Celco Partnership d/b/a Verizon Wireless sub-petition for a declaratory ruling for approval of an eligible facility request for modifications to an existing telecommunications facility located at 250 Meriden-Waterbury Turnpike, Southington, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) hereby approves your Eligible Facilities Request (EFR) to install antennas and associated equipment at the above-referenced facility pursuant to the Federal Communications Commission Wireless Infrastructure Report and Order, with the following conditions:

1. Reinforcements shall be made in accordance and consistent with the structural analysis report and modification drawings prepared by Jacobs Engineering Group, Inc. dated November 05, 2015 and stamped by Matthew E. Watkins;
2. Within 45 days following completion of the equipment installation, Verizon shall provide documentation certified by a Professional Engineer that its installation complied with the recommendations of the structural analysis;
3. Within 45 days after completion of construction, the Council shall be notified in writing that construction has been completed;
4. Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by the Petitioner shall be removed within 60 days of the date the antenna ceased to function;
5. The validity of this action shall expire one year from the date of this letter; and
6. The Petitioner may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

This decision is under the exclusive jurisdiction of the Council and is not applicable to any other modification or construction. All work is to be implemented as specified in the EFR dated December 21, 2015.

Thank you for your attention and cooperation.

Very truly yours,

Melanie Bachman  
Acting Executive Director
