RE: PE1133-VER-20191104 - Cellco Partnership d/b/a Verizon Wireless sub-petition for a declaratory ruling for approval of an eligible facility request for modifications to an existing telecommunications facility located off Andrews Road, Wolcott, Connecticut.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) received the sub-petition for the above-referenced facility on November 4, 2019.

According to Section 16-50j-39a of the Regulations of Connecticut State Agencies, "no declaratory ruling shall be issued to any person until a complete petition containing all information deemed relevant by the Council has been filed."

Staff has reviewed this sub-petition for completeness and has identified a deficiency. No mount analysis has been provided with the application; therefore it is unclear whether the proposed antenna mounts are capable of supporting the proposed equipment and if additional reinforcements would be required, which would alter the proposed loading on the structure and require an updated structural analysis report.

Therefore, the sub-petition is incomplete at this time. The Council recommends that the petitioner provide a passing ($\leq 100\%$) mount analysis for the proposed equipment that is stamped and signed by a professional engineer duly licensed in the State of Connecticut and, if applicable, an updated Structural Analysis Report accounting for any required antenna mount modifications on or before December 16, 2019. If additional time is needed to provide the requested information, please submit a written request for an extension of time prior to December 16, 2019. **Please provide an electronic version and one hard copy of the requested information for the Sub-petition to be rendered complete and processed. Please include the Council's Sub-petition identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman
