RE: **DOCKET 370A-MR** - The Connecticut Light & Power Company Certificate of Environmental Compatibility and Public Need for the Manchester Substation to Meekville Junction Circuit Separation Project in Manchester, Connecticut.

Dear Mr. Carberry:

At a public meeting of the Connecticut Siting Council (Council) held on December 13, 2012, the Council considered and approved your request dated November 27, 2012 regarding condition 7 of the Decision and Order that inspections and reports by the independent environmental inspector are no longer required except for a final verification in the spring of 2013 to document the success of the restoration activities.

This approval applies only to the D&M Plan request submitted on November 27, 2012. Any changes to the D&M Plan require advance Council notification and approval.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Very truly yours,

Robert Stein
