**Re: Docket No. 399,  
Application by T-Mobile Northeast LLC for a Certificate  
of Environmental Compatibility and Public Need for a  
Telecommunications Facility at 166 Pawcatuck Avenue  
in the Town of Stonington, Connecticut**

Dear Ms. Roberts:

I write in response to your letter, dated December 21, 2010. T-Mobile Northeast LLC ("T-Mobile") submitted to the Connecticut Siting Council ("Council") a Development and Management Plan ("D&M Plan") pertaining to the telecommunications facility ("Facility") approved by the Council in the above-captioned docket. Sheet A-1 of the D&M Plan depicts a satellite dish installed at a center line height of approximately 97 feet above grade level. T-Mobile included the satellite dish to demonstrate that the future loading capacity of the Facility would accommodate a satellite dish if necessary. T-Mobile does not have any plans to install a satellite dish on the Facility at this time.

Please contact me if you have any questions.

Very truly yours,

  
Jesse A. Langer
