1. Manner in which petitioner claims to be substantially and specifically affected:

We own the property (55 Popple Swamp Road) which is located at the foot of Bell Road. We have soil erosion problems as a result of water run-off from Bell Road. We are concerned that the proposed road extension for the cell tower will exacerbate and create material soil erosion issues on our property from significant water run-off.

2. Manner and extent to which petitioner proposes to participate:

Testimony from soil consultant, Bruce Bennett of Kent Horticultural Services. Personal testimony as to what remedial effects we have done to date.

Copies of this request shall be mailed to all participants at least five (5) business days before the date of the hearing.
