John Morissette, Project Manager  
Transmission Siting  
Northeast Utilities Service Company  
P.O. Box 270  
Hartford, CT 06141-0270

RE: **DOCKET NO. 424** - The Connecticut Light & Power Company Certificate of Environmental Compatibility and Public Need for the Connecticut portion of the Interstate Reliability Project that traverses the municipalities of Lebanon, Columbia, Coventry, Mansfield, Chaplin, Hampton, Brooklyn, Pomfret, Killingly, Putnam, Thompson, and Windham, which consists of (a) new overhead 345-kV electric transmission lines and associated facilities extending between CL&P's Card Street Substation in the Town of Lebanon, Lake Road Switching Station in the Town of Killingly, and the Connecticut/Rhode Island border in the Town of Thompson; and (b) related additions at CL&P's existing Card Street Substation, Lake Road Switching Station, and Killingly Substation.

Dear Mr. Morissette:

Pursuant to a decision made in accordance with R.C.S.A. §16-50j-62 (b) at a public meeting of the Connecticut Siting Council (Council) held on October 31, 2013, and in response to your email of June 13, 2014, Council staff hereby approves a temporary change to the Development and Management (D&M) Plan to allow construction activities associated with the above project to occur on Sunday, June 15, 2014 from 8:00 a.m. to 7:00 p.m. along CL&P's right-of-way near the new Structure No. 9080. This work is related to CL&P's Hawthorne Lane right-of-way shift in Mansfield. The Sunday hours will allow CL&P to complete drilling and foundation work for Structure No. 9080 prior to the June 20-22 line outage.

This approval applies only to the temporary change to the Sunday, June 15, 2014 work hours proposed in your email request on June 13, 2014. Any additional changes to the D&M Plan require advance notification and approval in accordance with the Council's approval of the D&M Plan on October 31, 2013. Furthermore, the Certificate Holder is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies Section 16-50j-62.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Very truly yours,

Melanie Bachman  
Acting Executive Director

MB/CMW

**To:** CSC-DL Siting Council  
**Cc:** Bachman, Melanie; Walsh, Christina  
**Subject:** Docket 424 - Sunday Work Hours

Good morning Melanie and Christina:

CL&P hereby requests Connecticut Siting Council (Council) staff approval of a Development and Management (D&M) Plan Change for the extended work hours described below pursuant to Sections 4 and 7.2 of the Interstate Reliability Project (Project) D&M Plan for the New 345-kV Transmission Lines and Related Minor Modifications to Adjacent Lines.

As modified by the CSC pursuant to correspondence dated May 1, 2014, Section 4.2 of the Transmission Line D&M Plans describes typical work hours as follows:

"Construction work hours will typically consist of a period between the hours of 7:00 AM and 7:00 PM, six days a week (Monday through Saturday). ..."

CL&P's contractor, PAR Electrical Contractors, Inc. (PAR), is presently working on the foundation for and must complete work on Structure 9080? in advance of the CONVEX - approved June 20-22, 2014 330 Line outage, during which work will be performed on the Hawthorne Lane ROW shift. Structure 9080? is part of the Hawthorne Lane ROW shift and is located in the Town of Mansfield (D&M Plan, Volume 3, mapsheet 15).

To complete the drilling (very hard rock encountered) and foundation work for Structure 9080 work before the June 20-22 outage, PAR has requested that work be allowed on Sunday, June 15, from 8 AM to 7 PM.

Accordingly, CL&P seeks CSC staff approval for this work.

Upon the CSC staff's approval, the Project's Community Relations team will perform outreach to inform the Hawthorne Lane residents and Town of Mansfield regarding this work.

Should you have any questions, please do not hesitate to e-mail me or call me at 860-728-4532.

Thank you  
John
