*Re: Docket No. 424  
The Connecticut Light & Power Company's Application for a  
Certificate of Environmental Compatibility and Public Need for  
the Connecticut Portion of the Interstate Reliability Project*

Dear Ms. Roberts,

In accordance with Section 16-50o(c) of the General Statutes, the Applicant submits herewith as part of the record in this Docket an agreement dated July 14, 2010 between The Connecticut Light and Power Company (CL&P) and The United Illuminating Company (UI) entitled "Agreement Re: NEEWS Projects" ("Agreement").

The Agreement provides that, subject to a number of specified contingencies CL&P will sell, and UI will purchase, certain electric transmission facilities and related assets that will comprise part of the Connecticut portion of the New England East-West Solution Projects, including some transmission facilities that will be part of the Connecticut portion of the Interstate Reliability Project ("Project"). Transfer of Project transmission facilities is scheduled to occur immediately prior to their commercial operation, and therefore after the Council has issued a Certificate of Environmental Compatibility and Public Need for the Project. CL&P and UI plan to apply to the Council for a partial transfer of that certificate to UI prior to the transfer of the Project facilities.

Although UI will own the transferred Project facilities, they will be operated and maintained by CL&P as though they were part of the CL&P system under an Operation and Maintenance Agreement ("O&M Agreement") with UI.

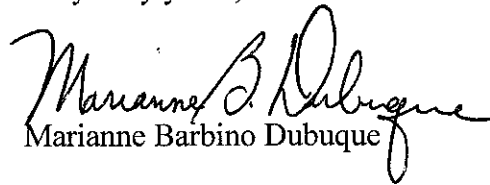

Given the bulk of this document and its limited interest for other participants in this Docket, CL&P requests bulk filing treatment for it. Accordingly, we enclose four (4)

paper copies of the Agreement and two compact discs containing digital copies. We have not served copies thereof on the service list. Should any participant in the proceeding wish to receive a copy, the Applicant will provide it upon request.

Very truly yours,
