Application for Certificate of Environmental Compatibility
and Public Need for a Telecommunications Tower Facility at
Bates Woods Park, New London, Connecticut

Dear Chairman Stein and Members of the Siting Council:

On behalf of Message Center Management, Inc. ("MCM") and New Cingular Wireless PCS, LLC ("AT&T"), please accept for review and Council approval this minor alteration from the approved Development Management Plan ("D&M Plan") for the captioned Facility as approved in Docket No. 439. This modification relates to a revision in the dimensions of AT&T's equipment shelter.

Tower, Compound & Other Equipment

Enclosed are an original and fifteen (15) sets of 11"x 17" sized revised construction drawings being filed in accordance with the Siting Council's ("Council") Decision and Order dated October 31, 2013 ("Decision and Order"). Two full sized sets will be filed under separate cover. These revisions incorporate revised specifications for AT&T's equipment shelter. The D&M Plan approved on March 6, 2014 depicted a 12' x 20' shelter on a concrete pad with a separate 9' x 4' concrete pad for a generator. The planned revisions incorporate an 11'-5" x 16' shelter and generator together on one 24' x 11'-5" pad. Of note, while the dimensions are different, the overall location of AT&T's equipment shelter and generator within the compound remain unchanged.

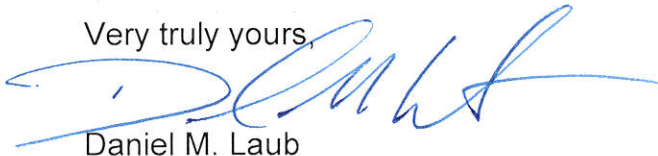

Required Notifications

As noted in the approved D&M Plan submission, the overall supervisor for all construction related matters on this project is Mr. Jim Maher. Mr. Maher is located at MCM's office in Hartford, Connecticut and can be reached by telephone at (203) 223-4665. Very truly yours,

Daniel M. Laub
