Re: Docket No. 440  
AT&T  
Application for Certificate of Environmental Compatibility and Public Need  
522 Colebrook Road, Colebrook, Connecticut  
Draft Findings of Fact dated January 16, 2014

---

Dear Chairman Stein and Members of the Council:

On behalf of AT&T, we respectfully submit the following comments regarding the Council's Draft Findings of Fact in Docket No. 440, dated January 16, 2014.

- Site Selection; proposed finding number 50 typographical update in italics: "AT&T also reviewed the locations of the BNE wind turbines and determined that a new tower at these locations would *not* meet coverage objectives." (AT&T Ex. 3, response 33).
- Visibility; proposed finding number 115: Views of the tower from the Colebrook Center Historic District are expected, but they are limited to views through existing trees approximately 0.75 mile away. (Tr. 1, pp.45-46; AT&T Ex. 1, Tab 5).

Thank you for your consideration of this information.

Very truly yours,

  
Lucia Chiochio
