Good morning, Sue.

The below request for Sunday work hours for wiring testing in the control house during a planned outage is approved.

Thanks. Have a nice weekend.

Subject: Docket 468 - Stony Hill Substation - Request for Sunday Work Hours - April 22

Hi Melanie:

Eversource Energy is requesting approval of work hours this Sunday April 22nd from 7AM to 7PM from Council staff to do testing of wiring modifications at Stony Hill Substation. This work will take place only in the Stony Hill substation control house. The reason for the request is the need to do this work during a planned outage and to recover lost time due to the crews being reassigned to storm restoration efforts during March.

The Town of Brookfield has already been contacted about this work and the abutters will be contacted this afternoon.

Please review and let me know if you have any questions or concerns.
