RE: TS-EVER-012-160216  
Notice of Completion

ORIGINAL

Dear Chairman Stein:

The Connecticut Light and Power Company doing business as Eversource Energy ("Eversource") received approval from the Connecticut Siting Council ("Council") on March 3, 2016 that Eversource's proposed shared use of an existing tower site located at 130 Vernon Road, Bolton, Connecticut is technically, legally, environmentally, and economically feasible and meets public safety concerns, and therefore, is in compliance with Connecticut General Statutes § 16-50aa. In its decision, the Council directed Eversource to provide written notice to the Council within 45 days of the completion of the work.

Eversource hereby notifies the Council that the proposed modifications were completed on April 22, 2016.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read "Kathleen M. Shanley".
