Certificate of Need Application**

Final Decision

Applicant: Urological Associates of Bridgeport, P.C.

Docket Number: 10-31588-WVR

Project Title: Request to Waive CON Requirements for the Replacement of an Existing 2-Slice CT Scanner with a 16-Slice CT Scanner in Trumbull, Connecticut

Statutory Reference: Section 19a-639c of the Connecticut General Statutes as amended by P.A. 09-232, Section 96

Filing Date: April 5, 2010

Decision Date: April 14, 2010

Staff: Jack A. Huber

Project Description: Urological Associates of Bridgeport, P.C. requests a waiver of Certificate of Need requirements for replacement equipment for the purpose of replacing its existing 2-slice computed tomography ("CT") scanner with a 16-slice CT scanner to be located its 160 Hawley Lane office in Trumbull, Connecticut. The total capital cost associated with the replacement equipment project is \$390,000.

Nature of Proceedings: On April 5, 2010, the Office of Health Care Access ("OHCA") received the completed waiver of Certificate of Need ("CON") request for replacement equipment from Urological Associates of Bridgeport, P.C. ("Applicant"). The Applicant proposes to replace its existing 2-slice computed tomography ("CT") scanner with a 16-slice CT scanner to be located its 160 Hawley Lane office in Trumbull, Connecticut. The total capital cost associated with the replacement equipment project is \$390,000.

OHCA's authority to review and approve, modify or deny the requested waiver of CON requirements for replacement equipment is established by Section 19a-639c of the Connecticut General Statutes ("C.G.S."), as amended by Public Act: 09-232, Section 96. The provisions of

this section as well as the principles and guidelines set forth in Section 19a-637, C.G.S., were fully considered by OHCA in its review.

Findings of Fact

1. On July 17, 2003, Urological Associates of Bridgeport, P.C. ("Applicant") received a Certificate of Need ("CON") determination from the Office of Health Care Access ("OHCA") under Report Number: 03-30141-DTR. The Applicant was informed that it was not required to obtain CON authorization to acquire and operate a 2-slice computed tomography ("CT") scanner. *(April 5, 2010, Initial Submission of CON Waiver Form 2040, Attachment 1)*
2. Pursuant to Section 19a-639c of the Connecticut General Statutes ("C.G.S.") as amended by Public Act: 09-232, Section 96, a proposal may be eligible for a waiver of replacement equipment from the CON process when a provider has previously obtained a determination that a CON was not required for the original acquisition of the equipment and the expenditure or value of the replacement equipment is less than \$3 million. *(Section 19a-639c, C.G.S., as amended by Public Act: 09-232, Section 96)*
3. The total capital cost for the replacement equipment proposal is \$390,000, of which \$365,000 is attributable to the cost of the replacement CT scanner and \$25,000 is attributable to other costs. *(April 5, 2010, Initial Submission of CON Waiver Form 2040, page 2 and Attachment 2)*
4. The replacement equipment value is below the \$3 million threshold used to determine whether a request is eligible to receive a waiver of CON requirements for replacement equipment pursuant to Section 19a-639c, C.G.S., as amended by Public Act: 09-232, Section 96. *(Section 19a-639c, C.G.S., as amended by Public Act: 09-232, Section 96)*

Rationale

Urological Associates of Bridgeport, P.C. ("Applicant") is requesting a waiver of Certificate of Need ("CON") requirements for replacement equipment pursuant to Section 19a-639c of the Connecticut General Statutes ("C.G.S.") as amended by Public Act: 09-232, Section 96. The Applicant is seeking to replace its existing 2-slice computed tomography ("CT") scanner with a 16-slice CT scanner to be located its 160 Hawley Lane office in Trumbull, Connecticut.

On July 17, 2003, the Applicant received a CON determination from the Office of Health Care Access under Report Number: 03-30141-DTR. The Applicant was informed that it was not required to obtain CON authorization to acquire and operate a 2-slice CT scanner.

The replacement equipment cost for the proposed 16-slice CT scanner is \$365,000, which is below the \$3 million threshold for determining eligibility for a waiver of CON requirements for replacement equipment pursuant to Section 19a-639c, C.G.S., as amended by Public Act: 09-232, Section 96.

Order

Based on the foregoing Findings and Rationale, the Office of Health Care Access ("OHCA") has determined that the request of Urological Associates of Bridgeport, P.C. ("Applicant") for a waiver of Certificate of Need ("CON") requirements in order to replace its existing 2-slice computed tomography ("CT") scanner with a 16-slice CT scanner to be located its 160 Hawley Lane office in Trumbull, Connecticut, at a replacement equipment cost of \$365,000, meets the requirements for waiver of the CON process pursuant to Section 19a-639c of the Connecticut General Statutes as amended by Public Act: 09-232, Section 96, and is hereby **approved**, subject to the following condition.

1. This authorization requires the removal of the Applicant's existing 2-slice CT scanner for certain disposition, such as sale or salvage, outside of and unrelated to the Applicant's Connecticut service locations by no later than six months after the replacement CT scanner has become operational.

Should the Applicant fail to comply with the aforementioned condition, OHCA reserves the right to take additional action as authorized by law. All of the foregoing constitutes the final order of the Office of Health Care Access in this matter.

By Order of the Division of
Office of Health Care Access
