

CT Social Equity Council Approves Equity Status for Five Lottery Applicants, Nine Equity Joint Ventures

Product manufacturer and transporter applications will be forwarded to Consumer Protection for next steps in licensure process

HARTFORD (October 18, 2022) — Connecticut’s Social Equity Council (SEC), which was developed to ensure the equity of the state’s adult-use cannabis program, voted today to approve social equity status for 5 lottery applicants for cannabis business. The council also approved nine Equity Joint Ventures (EJV).

“I am excited we have approved the social equity applicants in the product manufacturer and transporter licensure categories,” said **GINNE-RAE CLAY, SEC Executive Director**. “These approvals are creating opportunities for social equity applicants to have a seat at the table in the adult use cannabis market. We look forward to working with all the approved applicants.”

The approved applicants include:

- 1 transporter application
- 3 food and beverage applications
- 1 product manufacturer
- 9 Equity Joint Ventures (Not subject to the lottery process)

The approved applications for the product manufacturers and transporters will be sent to the Department of Consumer Protection (DCP) for further processing.

The SEC also denied equity status for one delivery service application, one food and beverage application, and ten equity joint ventures. EJVs are not subject to the lottery, and if denied, applicants may re-submit their application for licensure to the Department of Consumer Protection. The law was [amended this year](#) to allow licensed DIA cultivators, medical producers and medical dispensaries to create up to two equity joint ventures.

The Council [approved one lottery application for social equity status at the previous meeting](#).

All applicants seeking social equity status are first reviewed by the auditing and accounting firm of CohnReznick, a third-party reviewer hired by the SEC to create a comprehensive review system.

Cannabis was approved for adult-use on July 1, 2021. Adult-use cannabis retail sales are anticipated to begin in the state by the end of 2022. For information about Adult-Use Cannabis, visit www.ct.gov/cannabis.

About the CT Social Equity Council (SEC)

The Social Equity Council was created to make sure the adult-use cannabis program is grown equitably and ensures that funds from the adult-use cannabis program are brought back to the

communities hit hardest by the "war on drugs." The SEC oversees the verification of equity applicants, creates new programs to support cannabis businesses and businesses in other industries, and manages the more general community investments derived from the cannabis tax revenue. To learn more about Social Equity Council announcements, upcoming meetings, and adult-use cannabis information, visit [Social Equity Council \(ct.gov\)](https://www.seccouncil.ct.gov).
