

## CT Social Equity Council Launches Survey To Support Community Reinvestment Initiatives

**HARTFORD (September 13, 2023)** — Connecticut's Social Equity Council (SEC) today announced the launch of its community reinvestment survey. Reinvesting in communities disproportionately impacted by the war on drugs is the cornerstone of the work of the SEC. To support this reinvestment the SEC will use information gathered from this survey and a series of community conversations to develop a reinvestment plan that will bring much needed resources back into communities negatively impacted by the War on Drugs.

By scanning the code with their phone camera, participants will be taken through a one-minute survey to share their thoughts and ideas on how the SEC's resources can best provide benefit to the communities hardest hit by the war on drugs. Participants also have the option to participate in the survey by using this [link](#).

### **About the CT Social Equity Council (SEC)**

The Social Equity Council was created to make sure the adult-use cannabis program is grown equitably and ensures that funds from the adult-use cannabis program are brought back to the communities hit hardest by the "war on drugs." The SEC oversees the verification of equity applicants, creates new programs to support cannabis businesses and businesses in other industries, and manages the more general community investments derived from the cannabis tax revenue. To learn more about Social Equity Council announcements, upcoming meetings, and adult-use cannabis information, visit [Social Equity Council \(ct.gov\)](#).
